WESTON ARRIVES AT RENO ON HIS LONG TRAMP

Edward Payson Weston, the aged pedestrian, arrived in Reno, Nevada, this morning, going immediately to bed. He was greeted by a crowd of newspaper men and late stayers. Weston had not decided as to the time he will leave Reno for the afternoon. He says he is not weary, but counts on a reaction.

The pedestrian will cross the Sierras through a pass selected for him by the Southern Pacific, thus cutting out the snowsheds, which he has dreaded.

DRUNKS, VAGS AND BEGGARS IN THE POLICE COURT

A number of drunks, vags and beggars were run through the morning grind of police court, most of them receiving the customary fines and sentences.

Thomas J. Kinney was charged with vagrancy, having been associated, it is claimed, with two other individuals at the entrance to the Elite Cafe basement Tuesday. The prisoner pleaded not guilty, but upon being given an opportunity to change his plea, decided to do so. Upon the recommendation of the officers, the court suspended a sentence of ninety-nine days to give Kinney a chance to get out of town within two hours.

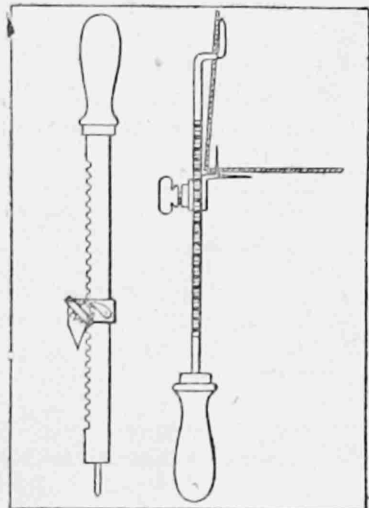

J. B. Terry, Arthur Shea, R. G. Warner, Jas. Brown and Joseph Martin were charged with drunkenness. The two first did not appear and their bail of \$5 each was forfeited. The others pleaded guilty and received fines of \$5 or five days each.

W. S. Hunter was charged with begging and was given ten days on the rock pile following his plea of guilty.

EFFICIENT CAN OPENER

No Danger of Cutting Hand—Little Effort to Manipulate.

Every housewife would undoubtedly welcome the invention of a really simple and substantial can opener, one that she could operate without danger of cutting her hands. Simplicity and efficiency seem to be the keynote of the one shown in the illustration below, designed and invented by a Detroit man. In opening a can the point at the end is thrust into

CUTS TOP OR SIDE OF CAN.

the central portion of the top of the can and the bar brought down it lies parallel with the top of the can. The cutter is then regulated on the toothed bar so that it will cut either the top of the can or the side. With a firm pull on the handle the tin can is easily severed. It will be noticed that there are practically two cutters, one for cutting the top of the can and another for cutting the side of the can. This will be found convenient when it is desired to remove the contents without disarranging them.

DECISION AGAINST SOUTHERN PACIFIC

San Francisco, July 6.—The attack of the Southern Pacific on the constitutionality of the federal enactments providing that cattle or sheep in transit by rail must be watered and fed every twenty-eight hours, was repulsed by the United States circuit court of appeals today. The decision of the district courts in two cases decided against the company.

One of these cases involved a shipment of 1,355 sheep, made from Corinne, Utah, to South San Francisco in 1906. The company sought a reversal on a purely technical ground involving the constitutionality of the act.

TWO YOUNG BOYS ARE BURNED TO DEATH

Healdsburg, Cal., July 6.—As a result of their Fourth of July celebration, Harry and John E. Bugnani, aged 16 and 12 respectively were burned to death when their home was destroyed by fire last night and their brother George, 14 years old, was fatally injured trying to rescue them.

Some of the fireworks which they had set off fired the roof of their house, but it was supposedly extinguished. It is believed that some sparks of it smoldered for a time and broke out again after the family had retired.

DIVORCED HUSBAND OF DOLLY LOGAN TUCKER TO MARRY

Detroit, Mich., July 6.—The Free Press tomorrow will say that Col. Wm. F. Tucker, U. S. A., retired, who was recently divorced in Chicago, was married today to Mrs. Myrtle Platt, who became Col. Tucker's nurse in the Philippines, when the colonel's health broke down and he was sent home to the United States.

OFFICER IS REBUKED IN COURT

FAILED TO PRESENT ANY EVIDENCE AGAINST PRISONER.

Judge Angered by Loose Method. Lectures the Policeman—Case of Flannigan is Continued.

The morning session of police court was marked by a sharp rebuke administered by Judge Murphy upon the arresting officers in the case of H. C. Flannigan charged with the larceny of 100 feet of hose.

"According to the testimony which you officers have brought in here, this man is as much entitled to that hose as any merchant in the city," exclaimed his honor in continuing the case "and you should have prepared yourself with some sort of a case before attempting to convict the prisoner."

The judge was told by the officer that the hose could be produced in ten minutes.

"Well," he replied, "this court isn't going to sit here while you get a bundle of hose from somewhere. You should have been on hand and ready with it. I will continue the case until 2:30 this afternoon."

Flannigan entered a plea of not guilty, when assigned Tuesday on the charge of petty larceny. This morning Mark Murphy was produced as a witness, but only succeeded in stating that he had bought about fifty feet of hose from the prisoner.

James Porter testified that Flannigan had given him 5 cents for delivering a length of hose to a livery stable on lower Twenty-fifth street. Neither witness was prepared to show in any way that the prisoner was guilty of having stolen the hose, nor could they tell anything regarding a quantity of other plunder which the man is charged with having stolen.

It is claimed by the officers that Flannigan took the hose and, after cutting it in two, sold one piece to Murphy and the other to the livery people. The man who is supposed to have lost the hose testified only to have been told by the prisoner that he was unable to state whether the hose sold by the prisoner was his.

The middle of lame testimony provoked the judge and the rebuke followed, with a continuance of the case.

OGDEN CANYON TICKETS

Are now on sale at Culley's Store and Hemenway & Moser. City Store in the Eccles Bldg., fifty cents for the round trip, including street car fare and a ride on the Ogden Canyon Auto Line.

OGDEN BALL PLAYERS DEFEATED AT LOGAN

Logan, July 6.—The ball game between the Boosters and the Ogden nine, rather, the Goddard team of Ogden, was won by the Boosters by a score of 8 to 0. Morgan pitched for the locals and the visitors could do nothing with his delivery, getting but two hits off him, while the Ogden men were bumped for thirteen safe ones, one of them being a homer by Coach Teetzel of the A. C., who plays with the Boosters. It was Teetzel's day out, for the prizes offered for various things he won four. He won the 100-yard dash, also the base-running contest, skirting the bases in 15 1/5 seconds. Prizes were also offered for the player making the best batting average in the game and for the one making the longest hit, and the got both of these. In the ball-throwing contest Morgan of this city won out with a throw of 112 yards.

REWARD.

A reward of \$25.00 will be paid to any person furnishing information leading to the arrest and conviction of any person or persons guilty of stealing, by means of a wire, copper, brass or other material from along the line of the Salt Lake & Ogden Railway. SALT LAKE & OGDEN RAILWAY COMPANY.

RIO GRANDE ROADBED UNDERMINED BY RIVER

Pueblo, Colo., July 6.—Passengers on a Rio Grande train leaving Pueblo at noon today doubtless owe their lives to an unknown tramp, who flagged the train two miles east of the little station of Swallows, where the Arkansas river had undermined a long stretch of roadbed.

CANON CITY, COLO., JULY 6.—Several hundred passengers will be compelled to remain at this place for thirty-six hours or more by reason of serious washouts on the Rio Grande railroad near Echo, a large force of men is working to repair the damage from rain and rock slides.

KILLED IN WILD DASH DOWN MOUNTAIN SIDE

Wilkesbarre, Pa., July 6.—Mrs. James Hughes of this city is dead. Miss Laura Cannon, a member of the Luzerne county bar, probably fatally injured, and James Hughes, husband of the dead woman and resident of the Wilkesbarre automobile club, and a chauffeur were slightly hurt today, when the automobile in which they were riding made a wild dash down Wilkesbarre mountain. The machinery of the automobile became disabled as they were descending a steep grade.

EPWORTH LEAGUE TRAINS ARRIVING

Seattle, July 6.—On the eve of the International Epworth league convention, which opens tomorrow, delegates

Motorists
eat
Grape-Nuts
It makes rough roads easy.
"THERE'S A REASON"

and visitors are beginning to arrive on special trains from all directions. The first large party from the east arrived tonight, when the New England delegation, which traveled on a special train across Canada, came from Vancouver, B. C., to Seattle by boat. Other special trains are scheduled to arrive during the night or early tomorrow morning from New York, Chicago, Cincinnati and Texas. All of these delegations are coming by way of Canada. Two special trains, one from Toronto and the other from Denver, Colo., are coming by way of Portland, Ore.

JOCKEY WILL PAY A FINE OF \$5

HAD PULLED A KNIFE ON A RESTAURANT KEEPER.

Quarrel Started Over Matches and Had to Be Ended in Police Court.

A case of disturbing the peace attracted considerable attention today in police court, a young jockey being charged with that offense and also with having attempted to stab a restaurant keeper on Twenty-fifth street. Richard Carver, the jockey, given by the boy and he emphatically entered a plea of not guilty.

The complainant, George Monahan, testified that the boy had approached him Sunday night and had asked for a match. Irritated by similar requests during the day, Monahan told him to buy his own matches, whereupon Carver had expressed himself in rather a hostile manner and had then left.

The following night the jockey again entered the place and called for a cup of coffee. His manner of asking for the same had the effect of angering the restaurant man and words soon led to open hostilities in which, according to the complainant, Carver had threatened him with a pocket knife.

Thomas Myers, who was in the restaurant at the time and was a witness of the trouble, testified that he had seen Carver open the knife and place it in his coat pocket.

The defendant took the stand and denied having been at fault. He claimed that Monahan seized a huge coffee cup and, fearful that he would proceed to bounce it upon his skull, Carver had drawn the knife to defend himself.

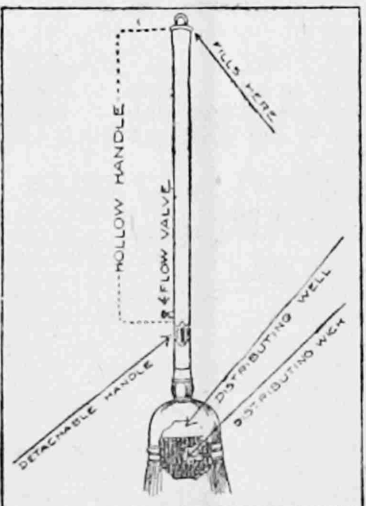

The boy's story but stated that the latter was undoubtedly guilty of disturbing the peace, even if he did not intend to actually use the weapon he had drawn upon the restaurant man. He then fined Carver \$5 or five days in jail.

O. S. L. EXCURSIONS TO UTAH and Idaho, July 3, 14, 23rd. Cheap rates. Long limits. Returning. Ask Agents for particulars.

DUSTLESS BROOM

The Handle, Filled With Kerosene, Keeps Dirt Particles From Rising.

A new broom, which is said to be dustless, has a hollow handle designed to be filled with kerosene, and the oil saturating the broom corn has the effect of making the dust particles adhere to it, instead of floating through space. The receptacle is filled from the top, and light door oil may be instituted for coal oil where the latter may be found preferable. The handle is a light steel tube with a light cap on the top end and the oil is fed downward to the distributing well through a needle valve at the lower end. The dust is absorbed into the core of sponge wicking in the center of

THE DUSTLESS BROOM.

the broom, and is thence distributed evenly through the straw fibers. Pressure caused by the act of sweeping releases enough oil from the sponge wicking to supply the requisite amount of moisture to hold the dust. It is claimed that on account of the very small quantity of oil required, there is no disagreeable odor left, and the flow can be so regulated that there is no danger of spotting the floor.

When the head of the broom is worn out it may be replaced with another. These may be purchased as desired.

FILIPINOS ENTER PROTEST.

Seattle, July 6.—The Filipinos of Seattle have, through a committee, protested against the exhibition of unclad Igorrotes at the exposition.

"In the Philippines, although perhaps a country less civilized than the United States, our Filipino leaders never would allow or concede that any Igorrote or other mountain dweller should enter the gates of the city with the body naked in the way that they present themselves in Seattle before a multitude of cultivated, decent and civilized persons."

WHAT TAMMANY MAY EXPECT

New York, July 6.—What Tammany may expect because of the recent ousting of Police Commissioner Bingham by Mayor McClellan is indicated in a statement attributed to General Bingham, published here tonight, saying that he will be a candidate for mayor on the anti-Tammany ticket if the people want him.

OIL BURNERS TO RUN OUT OF CARLIN

BIG CHANGE IN THE FIRING OF LOCOMOTIVES.

West End of Salt Lake Division of Southern Pacific Will Cease to Use Coal in Engines.

When questioned closely by a Standard reporter this morning, operating officials of the Harriman system admitted that the proposition of burning oil for fuel on the Salt Lake division had been under serious consideration for some time, and that plans for the erection of fuel oil plants were now being determined upon by Chief Engineer Ashton and his staff.

The change from coal to oil would require the overhauling of many engines, and the erection of new fuel oil plants would embody the expenditure of a large appropriation. Discussing the subject, a well-posted official said:

"The question of changing from coal to oil has been under consideration for some time, and Assistant Engineers R. E. Kramer and A. Q. Campbell of Chief Engineer Ashton's staff have been ordered to make a trip over the Sacramento division to inspect the fuel oil plants between Sparks and San Francisco. They are doing this now and, when they have secured the information desired, they will return to Sparks and make a trip over the two freight districts to Carlin for the purpose of selecting locations for the oil plants."

The oil burning territory will first be extended to Carlin, and then, if thought advisable by reason of economy, will be extended from Carlin to Ogden.

"Of course it will require considerable time to get everything in readiness for a change of this nature, over a territory covering the mileage of the Salt Lake division, but the fuel question is an important issue and must be taken into consideration at this time owing to the rapid exhaustion of coal fields and opening up of new oil fields contiguous to the Harriman lines."

"Much will depend on the reports submitted by Engineers Kramer and Campbell of course, but within the next twelve months I think you will see all engines on the Salt Lake division equipped for and burning oil."

O. S. L. EXCURSION TO SALT LAKE every Sunday, \$1.00 round trip. Eight daily trains to and from the Capital.

ENGINE IS DERAILED AND ENGINEER INJURED

Winnemucca Star: A wreck, the first on the Western Pacific west of Winnemucca, occurred Friday evening at a point a few miles this side of Dutchman Well. The wreck was due to the sinking of the roadbed, the engine tender and a tank car leaving the rail. The engineer, E. F. Blake, who happened to be riding on the tank car, was thrown to the ground and was badly bruised, though not dangerously hurt. As soon as word of the accident was received here, an engine and caboose were sent to the scene of the wreck and the injured engineer was brought to town.

Engineer Baker was taken Saturday afternoon to Salt Lake City, where his wife resides. He was accompanied by George Cleary, chief clerk of the Western Pacific at this place.

UNHOLZ, FORMERLY OF OGDEN, IS NOW IN AUSTRIA

Herald: In a letter received last evening from Rudolph (Boo) Unholz, known fighter has the following to say:

"Just a few lines to let you know I am still alive and kicking. I left America on my honeymoon trip around the world and landed here in Sydney, Australia, where I was matched right away, but owing to not being 'climaxed,' I lost my first fight on points, but have made good since. Of course, having my first start in Utah I would like to let you know where I am and what I am doing as I have a warm spot in my heart for Utah and still like Salt Lake and Ogden. I am making plenty of money here and am thinking of staying here another six or eight months. I was in Johnson's corner in the big fight where he won easy. Burns is making a lot of money around here showing in the provinces. My wife and also my brother are enjoying the trip greatly, as everything is new to them. I wish you would give your readers all my regards. From a boy who always tried hard. Yours truly, RUDIE UNHOLZ."

Fairbanks, Alaska, July 6.—Fifty thousand dollars' changed hands as the result of wagers on last night's Fourth of July Marathon race. Jerry Sullivan of Nome won, with Arthur Hyde second and Justus Hjorth third. Time, 2 hours and 50 minutes.

Watch your laundry! Let her use ordinary soap for ordinary purposes.

But, for the finer things—for lawns, dimities, colored goods and everything else that requires special care in laundering—she should use Ivory Soap; and none other.

Why Ivory Soap? Because it is pure soap and nothing else. No "free" alkali in it; no coloring matter; no chemicals.

LOSING QUOTATIONS OF WORLD'S MARKETS

New York, July 7.—Opening prices of stocks today were only slightly altered from last night and the movement was irregular. Minneapolis, St. Paul and Sault Ste. Marie, Southern Pacific, rose 1 and the common, Northern Pacific and Utah Copper large fractions. Erie declined 3/4 and Hocking Coal a point. Small amounts of stocks were offered and as there was no apparent support, the bears extended their operations. The market was quiet, but showed a better tone at 11 o'clock. Some special demand for stocks of corn-carrying roads had a strengthening effect on the general list by sympathy. After Rock Island pfd. had risen a point, and Atchafalpa 3-4, the demand died down. Bonds were irregular.

TAGGART DENIES HAVING EVER SEEN MISS GINGLES

Chicago, July 6.—Thomas Taggart was a passenger on the Southwestern limited, reaching Syracuse at 6 o'clock this afternoon. When shown the Associated Press story of Miss Gingles, trial, he said:

"I never saw, never knew or never heard Miss Gingles' name until the case appeared in this case and have since never seen her. The only person I saw or knew who has been in any way involved in this case is Miss Barrette, who kept a curio stand at French Lick. I never met her, but in a business way. I have been east for some time and have heard nothing of this case until today. I know nothing more of it than what I have read today."

QUESTIONED KING'S ATTITUDE.

Brussels, July 6.—M. Fummont, the Socialist deputy, interpellated the government in the chamber today on King Leopold's speech at Antwerp a few weeks ago, in which king declared that Congo would play a most important part in the expansion of Belgium, and pointed out various opportunities for Belgian commercial activity.

M. Fummont said he wished to know whether this was an independent utterance of the king or a ministerial declaration.
